💼 Experience

Parakh.online
Web Developer

Dec 2020 - present

1.5 years

- Use my extensive experience with front end development to define the structure and components for the project, making sure they are reusable.
- Keep the code quality high reviewing code from other developers and suggesting improvements.
- Interact with the designer to suggest changes and to make sure the view he has about the design is translated into actual functionality.
- I am working on Eduvue brand of Parakh.
- It is a complete institute management solution for education institutes, i.e., schools, colleges, universities, coaching centers, tuition centers in India.

2048 Game

2048 Game The key objective of this project was to an interactive JavaScript game. 2048 is a game where you combine numbered tiles in order to gain a higher numbered tile. Please do check on my portfolio.

Vanilla JS Projects The key objective was to get a strong understanding of HTML, CSS, JavaScript, and React by developing real projects. Please do check on my portfolio.

🔑 Key Projects / Involvements

- Well-versed in full-stack development with HTML, CSS, JavaScript, React JS, and TailwindCSS.
- Strong knowledge of data structure and algorithms.
- Good understanding of design patterns and Object-Oriented Programming concepts.
- Achievement-oriented with good decision-making and problem-solving abilities. Self-motivated, quick learner & have the ability to quickly learn new things.
